resumen / brief description >

the image-game *firstBOX* we developed regarding the invitation from Michelangelo Pistoletto and related to the paintings of Curt Scheiderbauer. up right the starting screen, which is always red. behind all 10x10 hidden squares there are five more colours - makes six, like the side of a cube (click & save > archive). in the installation we did together with C.Scheiderbauer in *cittadellarte* we had this image-game running (sons) plus the same made out 100 5x5cm wooden cubes, which had the same colours, laying on a 1,5 x 1,5m black-square-carpet (fathers), free to play for the visitors as well.
